## A New Program

**LifeQuest** is a new program from Radio Dwight. It has been commissioned by the LifeTalk Radio Network and will be aired Fridays at Noon Eastern.

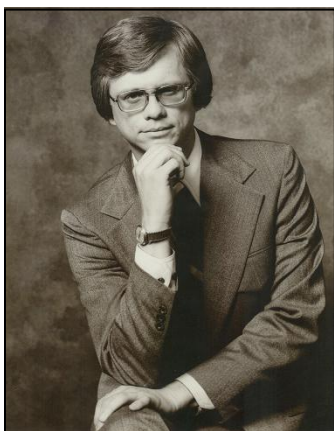

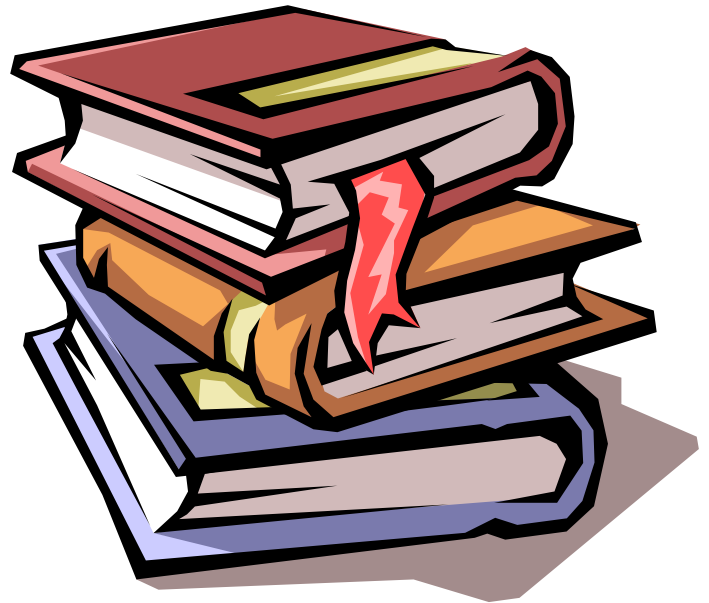

This is a ½ hour program of interviews with Christian authors on a variety of subjects. The topics range from practical Christian living and discipleship to theology and basic Christian teaching. In some cases the books will deal with subjects in a somewhat controversial way-which is what is so great about reading and strengthening our Faith.

I have already booked **Karl Haffner** an author who has challenged young adults to meet their Faith in a changing world.

**Max Lucado** is another author whose books have blessed Christians of all faith backgrounds.

**Anne Graham Lotz**, daughter of evangelist **Billy Graham**, has a passion for the 2<sup>nd</sup> Coming of Jesus which is reflected in her book *“Expecting to See Jesus”*.

Other subjects already scheduled include Tyndale, the life of the 1<sup>st</sup> translator of the Bible into English, **“Choose II look at how to overcome Betrayal”**, and an interview with **Dr. Michael Hasel** about recent discoveries in Archaeology that help us understand the life and times of the Biblical period.

Thank you for your continued prayer and financial support of this ministry.  
If there is a recent book that you can recommend, your suggestions are always welcome.
