Radio Ministry Expansion

More Stations

Recently the radio ministry outreach has expanded in two ways. John Geli with whom I worked at the [LifeTalk Radio Network](#) was asked to be the Program/Operations Manager of [LifeTalk Radio](#). He immediately scheduled *Your Bible and You* and *These Times Radio Magazine* into the LTR line up. This expanded the listening audience to over 75 radio stations across the United States with some overseas coverage also.

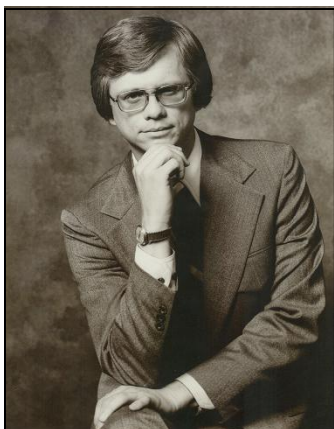

These Times Radio Magazine
is heard Fridays 3pm Pacific/6pm Eastern time

Your Bible and You is heard on Saturdays
3:30pm Pacific/6:30pm Eastern

New Program

Through the years I have had the opportunity to interview hundreds of authors on a wide variety of subjects of interest to the Christian radio audience. I now have the chance to create a new program to do that again. Authors are anxious to promote their new books on devotional subjects, Christian Living and Ministry, Finance, Health, Prophecy, Parenting and many more areas of interest. Besides the Pacific Press and the Review & Herald publishers, there are many other Christian publishing houses promoting books helpful to us all in our walk with Jesus in these days.

This new program means the installation of a telephone line to the Radio Dwight Studio along with, of course, the monthly telephone fees and long distance access. Additional equipment will be added to link the calls to my studio computer for editing and clarity of sound. I hope you will prayerfully consider what you can do to help. If you hear of new publications that I might consider for this program please let me know.
